S3 Community Project: The Story Gallery - Share your Story!

Created by S3 students Victoria, Giulia and Emily, **The Story Gallery** celebrates the diverse cultures, traditions and experiences within our school community.

Students, staff and community members are invited to share a short story, memory, legend or tradition by emailing vmar31@europaschool.uk , by 25th November.

With your permission, stories will be displayed as posters in our gallery.

Come along to discover our community's stories, enjoy tea and biscuits, and support our school.

All money raised will go towards school improvements.

Giulia, Emily and Victoria S3

Wed 18th November

Please complete the consent form
All details are in the email sent out on 3rd November

Free Bike Checks at School – Friday 20 November

Do you cycle to school? We have some good news!

Clive Esmore, who kindly offers free community bike checks in Abingdon, will be visiting Europa School UK with another mechanic from his team to help check and repair bikes.

This is a great opportunity for students and families who cycle to school to have their bikes checked and make sure they are safe and roadworthy.

When: Friday 20 November
Time: 15:00–16:30

Please note that this service is intended for bikes used by students and families who cycle to school.
Unfortunately, we are unable to accommodate bikes brought in from the car park across the P1 crossing.

A big thank you to Clive and his team for supporting our school community!

Join Our Sustainability Team!

Passionate about sustainability?

Come and share your ideas with like-minded colleagues!

We meet about three times a year, and everyone is welcome.

Careers Insight Day at Capgemini

On Friday 23rd October a group of S3 students were invited to a Careers Insight Day at Capgemini, who introduced themselves as 'probably the biggest employer you have never heard of!' ...and they are right on our doorstep in Abingdon Science Park.

The students had an amazing day experiencing and exploring five key roles in the company's portfolio along with special guests from the UKAEA: project management, consultancy, network engineering, data science and safety management. Enormous thanks go to the Capgemini team for curating such a stimulating day and introducing us to their organisation.

Rosie Bosse Chitty

Co Wheels Car Club: Greener Journeys, Easier School Runs!

Ready to wave goodbye to the school run stress and pricey car costs?

By joining the Co Wheels Car Club—proudly supported by Oxfordshire County Council—you get instant access to clean, low-emission cars parked right in our community, bookable in seconds straight from your phone!

It is the ultimate hassle-free alternative to owning a second car: insurance, cleaning, and fuel are all included, so you only pay for the exact time you drive.

Even better, by leaving your own car at home or sharing a ride, you can track your eco-friendly journeys on the BetterPoints Oxfordshire app to unlock brilliant local rewards and prizes.

It's cheaper for your wallet, safer for our school gates, and greener for our planet—click here to download the app and grab your discount today!
