Model United Nations

Model United Nations (MUN) is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real world issues with the policies and perspectives of their assigned country.

It is an educational simulation and/or academic activity in which students can learn about diplomacy, international relations, and the United Nations. It is meant to engage students and allow them to develop deeper understanding into current world issues and to develop great qualities (diplomacy, autonomy, empathy, ...)

This year the virtual United Nations will be held virtually. 10 students of S7 will participate from Friday 2 October to Sunday 4 October 2020 at the Europa School.

The Cipher Club

The Cipher Club will restart on **Friday 2nd October** in room 103 starting **1240-1315**. Training is run by talented S6s and will lead up to participation in the UK's schools National Cipher Challenge starting later this year. Numbers are limited, due to social distancing rules, so interested students need to attend the first session to be sure of a place.

Laptops

If you have any old laptops or your office has some for a cheap price, please let us know. For *contingency planning* we are preparing computers for children that don't have access to computers at home to lend them. Some of our laptops are on their last legs though, so we would appreciate **any donations**.

If you **need** a computer at home during lockdown, because you don't have one, or you are sharing one with a parent and siblings, please contact d.correia@europaschool.uk

You also need to do this if you borrowed a laptop before to confirm you need one again.
