**S7 Study room** - room 123 is available

**Log your Covid test:** [NHS & school](#)

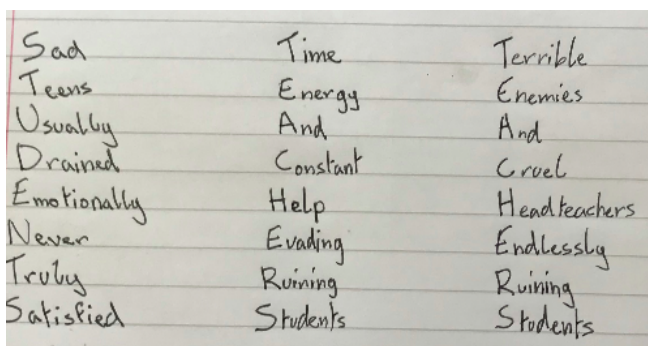

### UCAS discovery days

S6 students attended UCAS discovery days on 20 & 21 April, where they could learn about different paths they could take after school including universities, apprenticeship or a gap year. Via the online exhibitions, they had the chance to meet and chat with universities' representatives and discover the answers to their questions. The presentations will be available to them on-demand until 4th June 2021 and we strongly recommend students take advantage of this.

### Acrostic poems

Well done Marcos and Zeilah S3F!\*

\*The views are not necessarily subscribed by the school

### Model European Council

March 15th to 19th, nine of our S6 students joined European Schools to discuss European Current Affairs in the Model European Council. At the closing of the conference, we had the honour of being addressed by

President Dr von der Leyen as our keynote speaker. She was warm, kind and loved the interaction with the students.

### Reflecting on the ending of the ES accreditation

If someone should ever pose the question,

What a European school meant to you.

Then I know many a Culhamite,

Could tell you a thing or two.
