- (a) Started in Year 2
 (b) Started in Year 4
 (c) Beginners only (teacher would be available for: French, German, Italian, Spanish)
 (d) Beginners only (cannot be chosen with 4 period course)

The final total number of periods: minimum 31, maximum 35. If an advanced course is chosen, the maximum is 36. (As an exception, students are allowed, with the approval of the directorate, to have more than 35 (36) periods per week if they wish to attend other courses which can be combined with their personal timetable.)

NB: While every effort is made to accommodate the wishes of all, some students may have to choose another set of subjects. This will be the case if either the number of students requesting a course cannot justify the opening of a course or if a requested course combination cannot be created in the timetable.

Please return this form to Mrs L Wood by **Monday January 29 2018** at the latest or submit it via the online form by the same date: <https://goo.gl/forms/KEize1YXJtPbWmjF2>

General Remarks

- (a) Students **must** choose at least **two** 4-period options.
- (b) A student cannot choose an option or a complementary subject in the 6th Year if his/her results show that he/she has not been following this subject satisfactorily in the 4th and 5th Years.
- (c) The Advanced Courses are, as the name implies, in-depth studies of the subject. They should only be chosen by students with a particular interest and ability in the subject.
- (d) Courses for optional subjects can normally be organised only if there are at least 7 students requesting the course. The threshold for Complementary Subjects is 10 students.
- (e) For timetable reasons, it will not be possible to offer every combination of options and/or complementary subjects because a number of subjects will be taught simultaneously.
- (f) In consultation with the Principal of Europa School UK, a change of L1 is possible:
Those with L1 French or German in S5 may retain their L1 as SWALS within the English Section or
Those with L1 French or German in S5 may switch to the standard English Section with their previous L1 becoming their L2, subject to a command of English commensurate with L1, which will be assessed.
Existing SWALS arrangements in the English Section from S5 will continue and those in the standard English Section in S5 will retain English as L1
There can normally be no other change in language choices for students entering Year 6. However, in specific circumstances the following changes are possible:
- A change from a lower to a higher level (e.g. L3 to L2) is allowed subject to the decision of the Principal regarding administrative feasibility and the passing of an attainment test;
 - A change from a higher to a lower level (e.g. L3 to L4) must be approved by the Principal in the light of the student's attainment;
 - When a change of L2 is approved on entry to Year 6, the former L2 remains the working language for History/Geography;
- (g) **Students are strongly advised to liaise with the relevant teachers before making their final choices.** Students who perform badly in subjects they were advised by teachers not to take as a main option will not be allowed to modify their choice at the end of the 6th Year.
- (h) Students will not normally be allowed to make changes to their options. However, written requests will be considered if they are handed in within the first two weeks of S6.
Students *may not* give up a course at the beginning of the 6th Year which has been organized for the minimum number of students.
- (i) It will not normally be possible to change the choice of Options and Complementary Subjects after the final choice has been made. In certain cases it may be possible to make a change between S6 and S7, eg Philosophy 4 to Philosophy 2, History 4 to History 2, and also Maths 5 to Maths 3. If towards the end of the 6th Year a student feels s/he has made a wrong choice in the level or in the language, it may be possible to rectify this provided there will still be two 4-period main options, 29 periods in columns 1-4 and at least 31 periods in total. Such requests must be made in writing by parents and the final decision rests with the Principal, on advice from the relevant teachers.
- (k) In Year 7 it is not possible to replace an option/complementary course with another option/complementary course.
