04 February - 8 February 2019

## Cross Country Thursday

Well done for running in the cold! We are looking forward to the report next week!

**Europa maintains Press interest** - Read the latest article from the Guardian [here](#)

**S5 to S6 Options** - Make sure to join the google classroom: nyqxu

**Sunken Garden** - Please note this is out of bounds for all pupils and parents at all times.

**Prebac** - the Geo prebac exam will take place on Monday 08.30 in room 200

**Drop off** - please use the Thame Lane entry

## Fundraising appeal

Dear Parents : Today we are launching our fundraising appeal to create a new classroom for our growing primary schools.

Please use this link

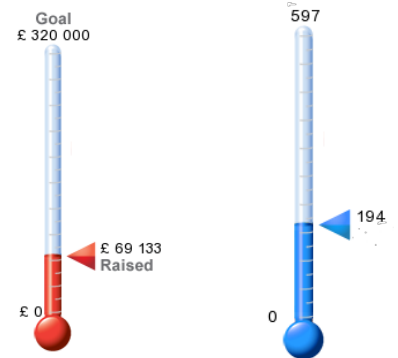

<https://donatemyschool.com/project/1716> to access the crowd funding site, see our page and video created by Y3 and donate if you are able. Our target is £40,000, £34,000 of which is the cost of the internal building work and the rest for the furniture and some contingency.

Please help us with this specific and necessary fundraising campaign. Thank you, Lynn Wood.

## Fundraising update

Donations to date from families (incl. giftaid)

Families:

## Swimming Gala

A team of 35 made up of S1s all the way up to S7s competed for The Europa School in a Swimming Gala, against OLA on Tuesday evening.

Pupils swam each of the Olympic strokes in 25m, 50m and relay races. The standard of swimming was high and some impressive performances were witnessed. Most notably Jake R. finishing 1st in the 25m Free, Gabriel M-D in his 25m Free, Sabastian R. in the 50m Backstroke and again in the individual Medley and our 2 relay team in the U16 category, made up of Massimo G., Giacomo S., Gabriele M., Ignace H., Sabastian R., Luc S., Julia H. and Emma J.. Based on times the U16 age group won their competition with the U13s and U19s narrowly missing out.

The event was well supported and each pupil who represented the school was a credit, demonstrating camaraderie at the highest level. Congratulations to all those who participated.

## Dates for your diary
