

We would like to say a huge thank you to every parent who has so generously donated to the School Fund Campaign this year. We are nearly at 70% of our target which is phenomenal and supports all the work the teachers and support staff do to give your children a broad, multilingual education.

The School Fund is used to support all the areas of the school beyond the basic national curriculum and education, including our unique language offer. Through your generous donations we can offer teaching assistant support in the classes, language tuition and maintain our links with language organisations such as PASCH/Goethe Institut, LabelFrancÉducation, Cervantes Institute, including coordination and exam administration.

## SPORT

This half term has been a busy one for fixtures.

After we struggled against King Alfreds in December we met them again with their year 7 and 8 team (S1 and S2). We had an S1, S2 and S3 team all ready and excited for the challenge that lay ahead. Each Europa team displayed their superior ability and demonstrated not only their individual strengths but also how cohesive they were as a team. The S3's especially impressed as they did not give their opponents any time on the ball and their shooting percentages were the best I have seen within school. King Alfreds also commented on how impressive it was to have such a great turn out with over a third of S3's wanting to be involved in the fixture. 3 games, 3 wins. Boom! Congratulations to all those involved.

Next came our ESFA Girls U13 (S1 and S2) Schools' Cup for New Teams. We were drawn against Wood Green School in Witney, for a home tie. The game started at a phenomenal pace, with Wood Green controlling the play and dominating the ball, causing our defence to be beaten and not allow our more influential players to get onto the ball. We changed our formation, focused on our strengths and as a result were able to keep possession better and have some attacks on goal. Congratulations to Wood Green School and we look forward to seeing how far they progress in the competition.

Last week we met Wood Green School again in the same competition but this time for the U15 (S3/4) cohort. Word had circulated about their impressive U13 team but after initial apprehension the team appreciated the fact that they were a good team and if we went into the game with positivity and confidence we stood a good chance of getting something from it. The game started evenly with our best moments coming from Inka driving through the middle and picking out some beautifully crafted through balls. One of which found Maddie, who was clumsily bundled over in the penalty box. A penalty was awarded which Inka calmly put past the keeper. 1-0 Europa. The rest of the match was relatively even but Wood Green probably shaded possession. This, however, meant nothing, as they could do nothing to break through our defensive unit of Veronica, Edie, Mirjam and Amelie. Game ended 1-0 to The Europa School and through to the 2nd round. Next match Chipping Norton, away on Friday 23rd February. (Photo below).

Next half term we have the second round fixture and then a couple of home badminton fixtures against St Helen and St Katharine and King Alfreds. Good luck to all.

## EUROPA SCHOOLS' TRIP TO THE TOURNEFEUILLE MUN CONFERENCE

Europa school UKs Model United Nations clubs chosen group of students put in extensive effort in preparation and during the Tournefeuille 2024 MUN conference at the Lycée Marie-Louise Dissard-Françoise. Since October 2023 we met 3 times every week to work on our debating skills and to deepen our understanding of the conference. Which paid off during the memorable conference.

When the MUN club first started to prepare, there were many students interested in participating in the conference. Due to this, everyone had to work hard so that they could show that they were worthy of being the best fit for the conference. During club meetings, our students practiced their research and debating skills so that we could be as prepared as possible. Our school was given a range of countries from every committee within the MUN. Two of our students were chosen to be ambassadors of their dedicated countries. They wrote speeches and presented them in front of the entirety of the participants at the open ceremony.

The conference itself was a great success, it allowed the students to talk and argue about some of the most pressing issues in today's world just like they would in the real United Nations. The students were able to gain a deeper understanding of what goes on in a United Nations conference and how it is run. They were able to practice and improve their public speaking, teamwork, research and debating skills all whilst thoroughly enjoying their time there.

We had two very passionate S6 chairs this year, Emilie In the ECOSOC committee and Lilia in the HRC committee. With their past experience as delegates they were great with supporting and passing on their extensive knowledge onto the new delegates. They performed even better in the conference. They ran and supervised the debates in their committees ensuring they ran smoothly. They helped make sure the topics were all covered and that they could help whenever needed.

### **Model United Nations TOUMUN 2024 (France) : Testimonials!**

participating in Model United Nations has been an incredibly enlightening experience for me. Engaging in intense debates, collaborating with diverse peers from around Europe, and crafting diplomatic solutions to global issues has not only helped my public speaking and negotiation skills but has also broadened my understanding of international affairs. The thrill of representing a country, involving myself into its policies, and advocating for its stance on various topics has been both intellectually stimulating and emotionally rewarding. Overall, my experience in MUN has been nothing short of exhilarating, as it has allowed me to involve myself in global perspectives, foster meaningful connections, and develop a profound appreciation for the art of debating. Lilly MYP55F (SAF SYRIA)

TOUMUN 2024 was such an existing experience that I would love to relive. It was great to meet lots of different people who share a passion for engaging in diplomatic discussions in order to create a fairer society. It felt really empowering to share my ideas with a group and it was far less intimidating than expected, as everyone was encouraging. Faye MYP55D (HRC UKRAINE)

The MUN showed me the diversity of opinion across the world and how different countries view the topics at hand. It was a shame that some of the debates had to cut off due to the time constraints. Ben (DISEC SOUTH AFRICA)

TOUMUN was the first ever MUN I went to and it was great. Made lots of friends, the committee was definitely the best (DISEC) and my host was great. Kai MYP 55D (DISEC KOREA)

I really enjoyed the MUN conference, I thought the topics were very interesting and the debating was great. Overall if there was something I didn't like it would be the lobbying. I found it quite stressful but debating the chosen resolution afterwards was very fun despite the fact that my resolution wasn't chosen. I also think that it was a great experience as we had to put ourselves into the perspective of a country we were representing regardless of if we agreed with it or not, and I think I got significantly better at speaking in front of people and making convincing speeches. Hannah MYP55D (HRC INDIA)

Mun has shown me quite well the processes that happen in the real United Nations. It was really fun and I would go again. Jonas MYP55D (DISEC SYRIA)

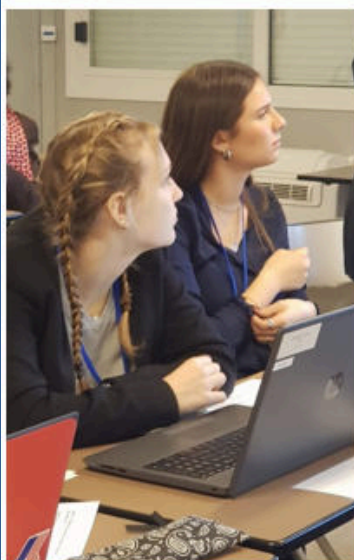

This MUN conference was so much fun. I found it so entertaining and interesting to debate and formulate solutions to economic and social problems on a global scale. This event has really helped me develop my confidence and speaking skills which I will definitely use in the future. Adrien MYP55F (SAF INDIA) Ambassador

MUN was an amazing experience! I'm not sure if I would do it as a job later but I really enjoy doing it. I would love to do more of them as I feel like as I have done it once already I will feel better and more confident the second time. Doing this really made me have an open mind and taught me to be more confident. Emma MYP55F (UNEP CANADA)

MUN was such a great experience and I really enjoyed it. It taught me to be much more confident and provided me with the knowledge and understanding of having more of an open mind. I would love to do this again. Isabella MYP55F (UNEP SOUTH KOREA)

I loved it so much because I made friends and was happy with my speeches. I think I really want to do more as debating was so fun! Améline MYP55F (SOCHUM SYRIA)

I really enjoyed Model United Nations (MUN) because it provided a platform for me to engage in diplomatic situations, fostering critical thinking and public speaking skills. Additionally, MUN offered an opportunity to explore global issues from diverse perspectives, contributing to a deeper understanding of international relations and diplomacy. Matilde MYP55F (SOCHUM SOUTH KOREA)

I absolutely loved the entire TOUMUN experience! You not only learn how to debate and improve on your public speaking but also on your social skills. Being a delegate was even better than I could have ever imagined. Everyone came back enlightened! Amélie BSG (SOCHUM INDIA)

My first TOUMUN was really fun and everyone including my hosts were friendly. Even though I don't plan on doing politics in the future I still had an amazing time and learnt lots of things. Jamie MYP S4 (SAF SOUTH KOREA)

TOUMUN was such a great learning experience for me, and I really enjoyed being able to meet loads of new friends in my committee (ECOSOC). It was a great way for me to become more comfortable in public speaking and will be relevant to my future career path. Sara (ECOSOC SYRIA)

1. DISEC : Disarmament and International Security
2. SOCHUM : Social, Humanitarian, Cultural Committee
3. HRC : Human Right Committee
4. ECOSOC : Economic and Social Council
5. UNEP : United Nations Environment Programme
6. SAF : Special Asian Forum

From the Club participants: Laura, Elisabeth, Elizabeth MYP S4, participating in the lead up TOUMUN was a great experience. We made resolutions to try to solve international problems and worked together to find answers. We are looking forward to going to Brussels next year!

## MYP MY READING PATH PROJECT

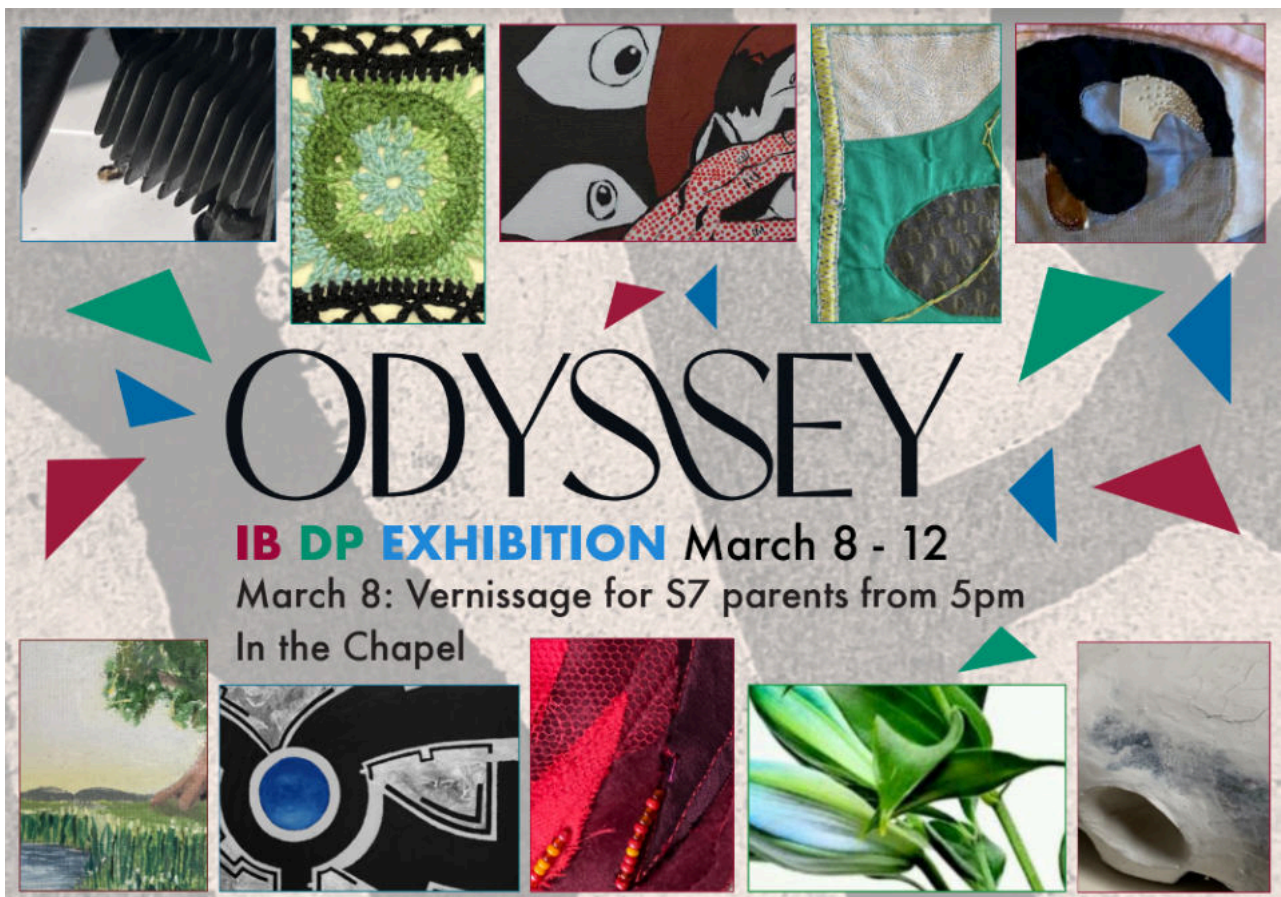

In our MYP class, we were told to create a map of a few of our favourite books from over the years. We were told to explain why we love them and why we read them. The 3 favourites (chosen by Susi and Leon) were Bea N, Jasmine S and Emily O'N.

We really enjoyed the past few weeks of drawing our map of books and remembering the good stories. A lot of them remind us of our childhood and we were very surprised to find out that many of us have read the same ones.

Pet dogs a threat to nesting birds in South Walney - warning

DOG walkers, beach-goers and drone users are disturbing nesting birds at a nature reserve, conservationists have warned.

Conservationists have said it had received multiple reports of "disturbance" incidents at South Walney Nature Reserve near Barrow.

It is urging visitors to stick to clearly-marked paths away from beaches where are out of bounds.

Dogs are not allowed on the site unless they are assistance animals.

Nature reserve officer Paul Blackhouse said birds such as Arctic terns, oystercatchers and wader ducks were ground-nesting and particularly vulnerable between March and April.

"Sadly we're getting lots of reports of recreational disturbance of wildlife by people and their pets, which is particularly alarming as nesting season is now under way."

"It can be really hard to see the speckled bird eggs and the little chicks can be extremely well camouflaged too, and almost impossible to spot amongst the driftwood that's found all around the shorelines at South Walney."

"And if you see a very well-camouflaged dog in a field with new birds away from their nests."
