Goethe exam London

On May 1st a group of German S4 and S5 students went with the PASCH Coordinators Frau Havenstein und Frau Tornow to London to take the German B2 exam at the Goethe Institut. It was a successful day which was filled with written and oral exams, wonderful breaks at the Victoria and Albert Museum and a walk through Hyde Park. A big THANK YOU to Christian Pohle, who accompanied us!

Neuroscience talk

S6 were very lucky to have a wonderful talk from Professor Clare Mackay, of Oxford University, today. They looked at the causes of Alzheimer's Disease, the research into early intervention and Professor Mackay's work in Brain Imaging. We are hugely grateful to Professor Mackay for taking this time to come and speak to the students. They certainly found it very interesting and asked lots of great questions. If you would like to come into school and talk about your career or any interesting topic which you are passionate about and would like to share, please do get in touch with Mrs Powell (l.powell@europaschool.uk) and help us to inspire our students.
