**Holiday activities** - Want something in the holidays? - There are a number of holiday activity brochures in Reception. In UK and Europe. Please come and help yourself.

The S2 french class has been working on the project 'Save our Oceans!'

They have been creating collage cut out panels based on the work of Henri Matisse. These depict sea creatures' struggle to survive amongst the plastic and litter in our oceans.

It's great the fields are in use during the beautiful spells of weather. Please make sure you bring back and bin any trash though. Birds are nesting and looking for materials/food, please don't leave plastic lying around!
