Your help will be much appreciated

3EE had a delightful Diwali day on Tuesday 22nd October where they had a chance to explore how some people celebrate the festival. They made their own Rangoli patterns from dried pulses, rice and pasta, created diwa oil lamps and had henna-like patterns painted on their hands. There was even time to look at a real puja set used by many Hindus for worship and watch a central story of Diwali, that of Rama and Sita.

Absence requests for the week before or after the half term break will not be considered.

Please send all other **requests for absences** to reception@europaschool.uk or via the parent portal.
