German Concert

Students from the German Section of both Secondary and Y6 Primary had a very special treat on Friday 27 September. Funded and arranged by the PASCH initiative and the Goethe Institut, they were invited to listen to the German band Brotmüller in the Schuman Hall and to participate in workshops afterwards. The event was spectacularly successful and rousing with our students clapping, cheering and dancing along. The workshops revealed the great talent of our language section to respond to stimuli and the band's ability to draw in young people.
