

### Current news

**Links** - we have posted some useful information [on the website](#) regarding mental health.

**School/homework** - Please contact your tutor if you are worried about anything. It will take a bit of time before we are all used to this new method of learning.

**Register** - Please fill in your register every lesson. You can bookmark the link for easy access. Any problems, please contact: [d.correia@europaschool.uk](mailto:d.correia@europaschool.uk)

**B-Test** - Congratulations to all the S6 students (French, English and German) who completed their History B Test yesterday online. A first in the history of Europa!!

**Astronomy** picture of the day from NASA: <https://apod.nasa.gov/apod/astropix.html>

**Keeping fit while homeschooling** - Please make sure you don't fade away and see if [Mrs Mackenzie's guidelines](#) can help you (this is for both boys and girls).

**Letter** - please look out for Mrs Wood's letter today with some exciting news about the IB!

*Thank you to all parents that are working as a keyworker to keep the country going!*

### Science writing competition

There is a schools Science writing competition which closes on 1st May. The details are here: <http://oxsci.org/schools/> The theme is A scientific discovery, invention or advance that still affects the world today. It is only 700 words!

### Maths Puzzle of the day

Have you signed up to the daily maths challenge? Google Classroom code: **rlek4pr**

**Coronavirus** - guidance can be found [here](#)

### S6 Geo trip to Nettlecombe

We investigated the coastal management strategies at Minehead, water infiltration rates at the Holnicote estate at the top of Exmoor, where we had to brave stiff winds and rain. And all supported by 3 course dinners and lots and lots of biscuits.

*Mrs Ireland & Mme Phillipot-Gasc*

### German Careers Advice

Nothing was going to derail Frau Heike Borgmann's presentation to S5 students who are considering Higher Education in Germany. Frau Borgmann of ZAV, the German careers advisory service, delivered her presentation via Skype for Business on Monday, giving an overview of careers pathways in Germany. Some families also took advantage of individual remote consultations. We have greatly appreciated the guidance offered by ZAV over the last few years. I am now setting up a Google Classroom for "Study and Careers in Germany" where ZAV presentations and other documentation will be stored. Students from S4 and above can let me know if they would like access to this folder. *Mrs Simpson*

### Crânes favoris

Leçon sur l'évolution des crânes et des morphologies au cours de la Préhistoire en classe de sciences humaines. Les s1 choisissent leur crâne favori : Homo habilis, Homo erectus, Australopithèque, ...et discutent les différences avec l'Homo sapiens qu'ils sont!
