

ART CLUB

MINI GALLERY SUMMER 2026

The Art Clubs have been very busy this last half term, involved with several projects for school including: designing posters for the summer fête activities and stalls, decorating boxes for the MUN and creating a large scale collaborative art piece made up of 48 illustrated birds.

We have also explored sewing into hessian for Father's Day, painting under the sea life for World Ocean Day, many personal projects and the Secondary clubs created artwork for our last mini exhibition of the year, based on the classic story: *The Little Mermaid*. I hope you will enjoy seeing some of the incredible artwork here, and wishing you all a very Happy Summer!

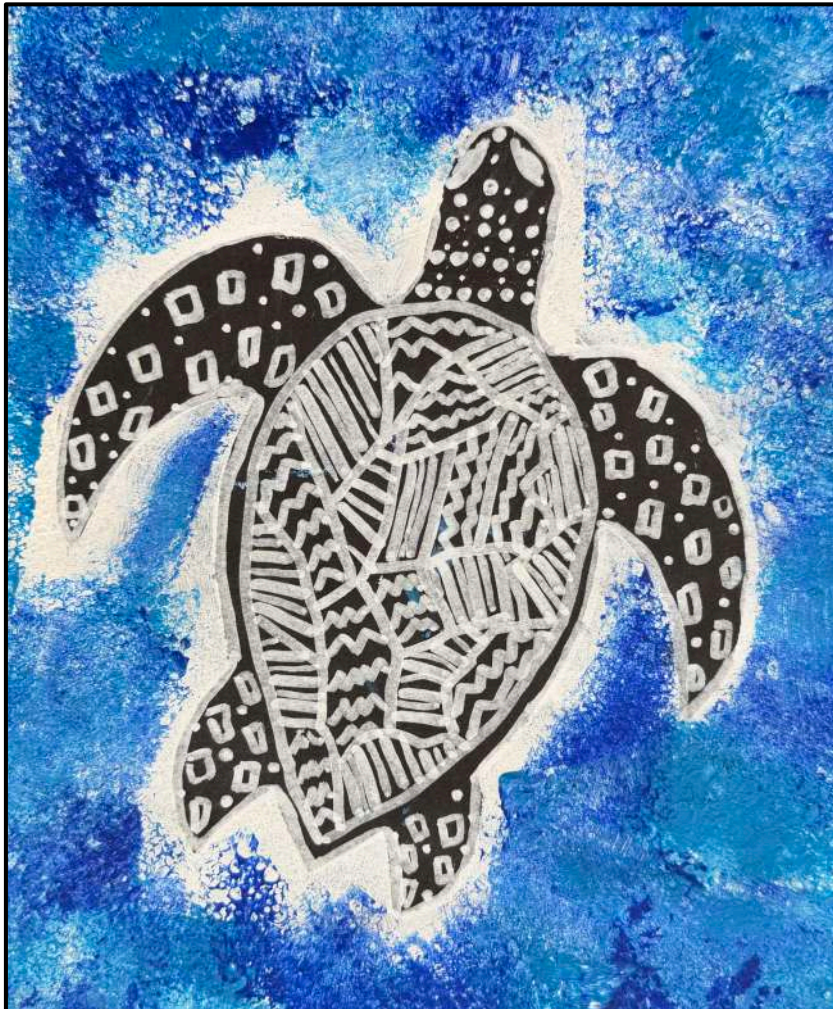

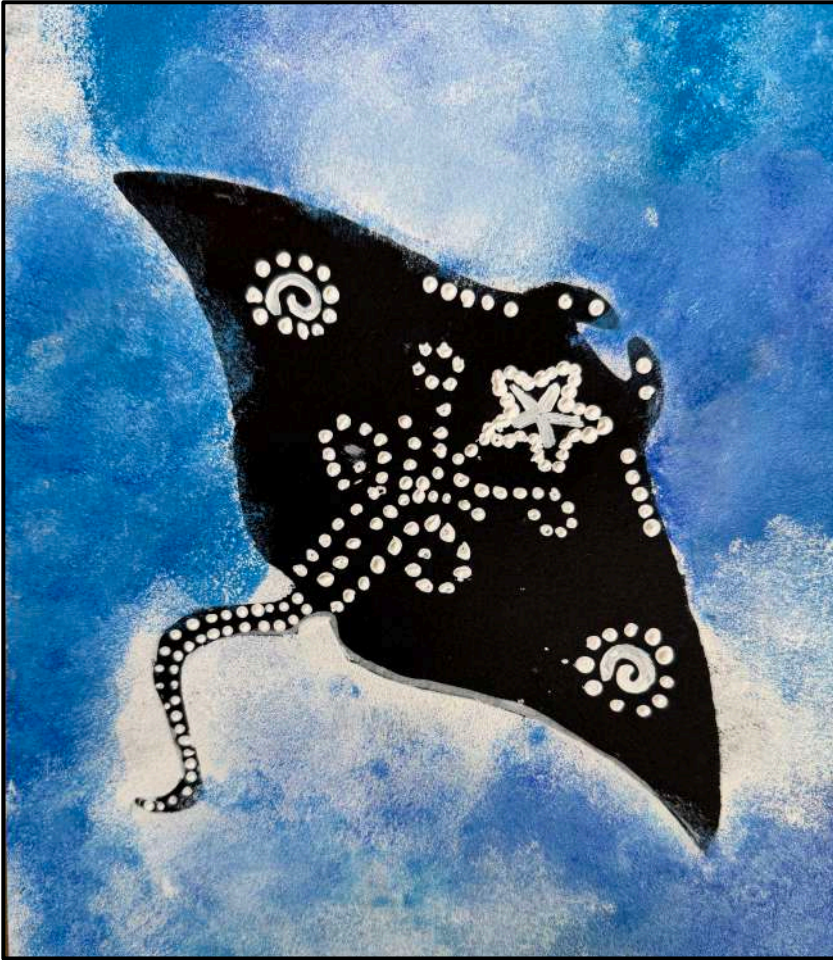

Art Club's collaborative **BIRD WALL**, is a large scale artwork composed of up of 48 birds designed by the art club students. The birds sit together on branches, a celebration of how we are all unique, strong, colourful and resourceful individuals. Together, we are **CONNECTED**, pulling together all of our differences, knowledge, cultures, skills and ideas creating the Europa School community.

WORLD OCEAN DAY

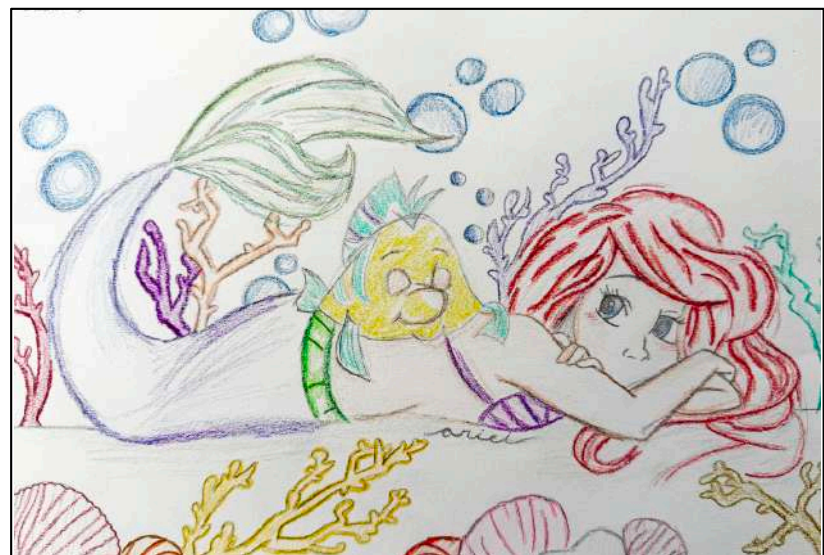

TURTLES & RAYS

The Little Mermaid

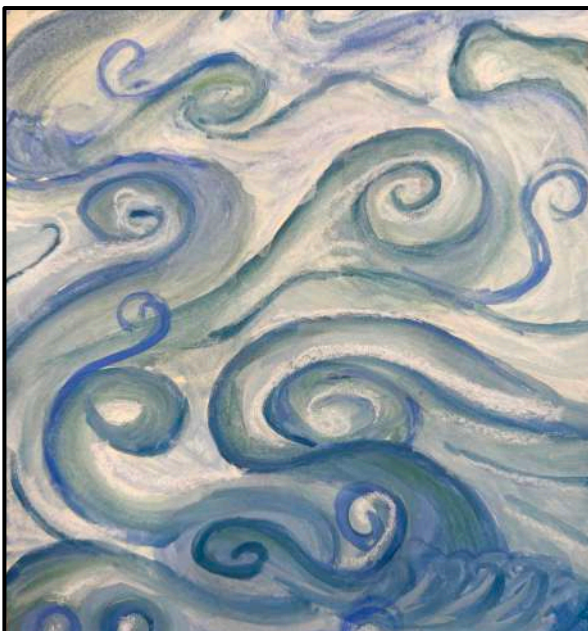

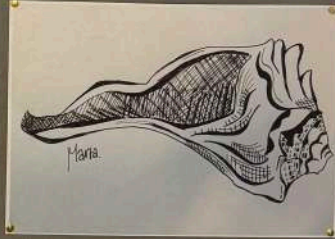

The secondary Art Club created artwork to interpret the classic story: *The Little Mermaid*, combining the original tale by Hans Christian Andersen, and the Disney story adaptation.

Artworks were created using a variety of materials including: cardboard design with acrylic paint, oil pastel illustration, digital collage, colouring pencils and black ink, acrylic paint & collage, watercolour.

UNDER THE SEA

GOSSIP BOXES FOR MUN: MODEL UNITED NATIONS

The **MUN team** asked the Art Clubs to design and decorate visually exciting and pleasing **GOSSIP BOXES** for the Model united nations debates.

These boxes will be used for delegates to put **anonymous messages** in, adding a bit of fun to the conference.
