

CALL FOR SUBMISSIONS

COMMEMORATION OF EUROPEAN EDUCATION IN CULHAM 1978-2021

2021 is the last year of the European Baccalaureate at Europa School, and we would like to commemorate the years of European education from 1978-2021 in Culham with a mural. Ideally, one mural from Primary and one mural from Secondary. The murals will be erected on one of the large buildings across the site (inside or outside).

It should be a celebration or an interpretation of what European education means and has meant to you. It could also be a collaboration of European identity / culture / values.

The mural should ideally include both sciences, humanities, arts and languages in one form or the other, and the proposed piece can take the form of art, writing, music, movement, light... anything you can think of.

We invite all pupils – individuals, groups, classes - to submit a project suggestion in the form of a description of the project (in 250 words) along with possible sketches.

Make sure that the project description includes your thoughts on what European education means to you and how that will be expressed in the finished work. There will be a reasonable budget to help with the creation of the chosen projects.

We need your suggestion **by Thursday 25th February 2021** – emailed to principal@europaschool.uk with **ESC 1978-2021** in the subject line or given in to Reception.

The winning projects will be chosen by Mrs Wood and a team comprising Primary and Secondary staff.

Work on the piece/mural can start when school opens to pupils again, and it will be unveiled at the Bac Proclamation on Saturday 3rd July 2021.

Any questions, please contact h.fahl@europaschool.uk

We look forward to receiving some creative suggestions from you!
