

3EE Real life history and Diwali

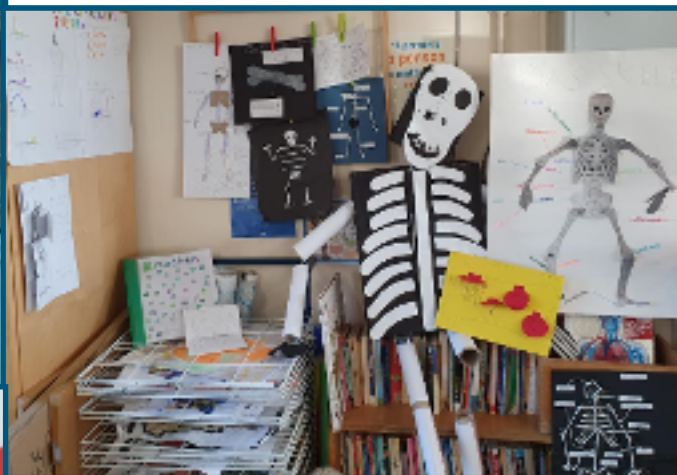

REAL LIFE HISTORY - 3EE had history brought to life this week by a few of our families coming into school to tell us about life for them in the 1950's, 1960's, 1970's. It was great to hear their stories and explore the historical artefacts they brought in.

DIWALI DAY - It has been exciting to learn about how Diwali is celebrated. As part of their learning 3EE made diva lamps from clay, created rangoli patterns and explored some of the objects used for puja.

4DE Discovery of the World

4DE have been studying the skeleton. Their work has been multi-disciplinary, challenging at times, but worth the effort, looking at the amazing outcomes.

6EE ART and Science

6EE were very lucky this week to spend part of the morning in the Secondary Art Room. They made their own fossils, linked to our science topic of evolution and Inheritance. The skill was to make the fossils look realistic. Thank you to Mrs Solidea Guerra who gave up her time to teach them.

Zoe covid app - 6EE has now been added. Please take a moment to log or update your details [here](#). The school code is **BSN68KQ**. The latest Covid symptoms can also be checked here too.

Wishing you all a lovely half term break.

Canteen

Please note the menu will change for the new term. Menus can be found on our [website](#)
