**Procedure for a positive PCR test** -If school informs you that we have confirmation of a positive PCR test, it is likely that your child is a close contact eg. a member of the same class as the person testing positive. It is then advisable for you to organise a PCR test for your child. The DfE does not recommend LFTs for primary children. Schools are not expected to act as 'track and trace', but we give out the same advice as this service.
