Show Racism the Red Card

Year 5 chose to use part of their class budget to invite this charity into school. All three classes took part in workshops that seek to strengthen our multi-cultural community & enable young people to develop good relationships and respect the differences

between people, regardless of their ethnicity, faith, culture or nationality.

We hope to share these powerful messages with other classes.

A huge thank you to ALL our volunteers, who give their time and expertise to make our school the place it is - whether you are involved in the PTA, the libraries, reading with children helping or bringing experiences to class - without you all we would not be able to achieve so much for the children.

A special Thanks to our Site Team

This year we have been so lucky to have our skilled, diligent, conscientious site staff who really go the extra mile in an utterly professional way.

Their attention to detail, care for the site and the staff and their expertise in so many diverse areas has kept the school running efficiently and all our stress levels down.

3DE had great fun performing their German play "Ein verrückter Schultag" for Reception class, 1DE, 2DE and 4DE!

NEWS FROM THE ECO-CLUB

Great news! Our application to Eco School status has been successful, and Europa is now an Eco School! This week, Mr Maréchau came to the Eco Club to congratulate the children. Well done to all the children and all the classes who took part in eco activities this year! It has been a real team effort in the school!

The Eco Club also finalised the Europa Eco Tracking Tool they created with UCL to track the impact of their actions. You can take a look at it here:

<https://public.tableau.com/app/profile/andrea.gauthier2577/viz/EuropasEco-Logbook/HomePage>

The newly created Eco Club will use this next year to track their actions.

The ECO-CLUB is planning the year ahead...

We are looking for helpers to run an eco after school activity from September. One person per half-term would be wonderful. You could do your own thing or I could help you with ideas.

Similarly we would like to expand on the eco club running during school hours (lunch time 11.45 - 12.45) and am looking for helpers so we can broaden our reach.

Days will fit your schedule. Contact s.harries@europaschool.uk if you are interested! THANK YOU!

Olympian visits Europa

Andrea Proske (Canadian) has an olympic gold medal for rowing. She visited 6EE with the gold medal she won in Tokyo.

Andrea talked to the children about anxiety “having butterflies in the tummy” before a race. The children were excited to be allowed to touch the medal.

EXCITING NEWS:

Skiing

Keira got accepted into the British Schools Indoor Open Championships in alpine ski racing where she represented Europa School.

Amazingly, Keira skied into 3rd place in the under 10's age group. Well done

Goodbye to Year 6

We would like to thank all of year 6 for their volunteer work this year in various areas around the school - lost property, playground duty, assembly set up, buddying with younger children are some examples. This was a new venture in giving responsibilities to Year 6 and it has been incredibly successful - their attitudes to their given jobs has been impressive and we look forward to seeing Year 5 apprentices taking up the roles when they join Year 6 in September.

To all students and parents - we wish you a well deserved summer break
