Royal Society Project Update

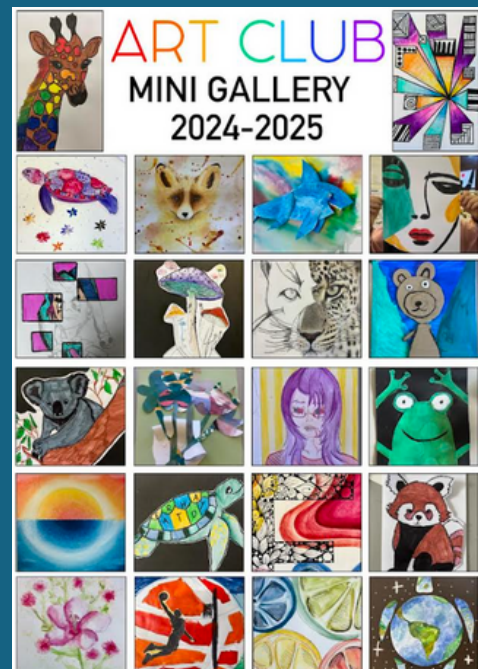

Last week, 5FE presented the work they did and the results of the Royal Society anti-littering project during 3 assemblies.

Great news! The collaborative challenge impacted on the littering events!

They finished the year in style and revealed their beautiful mural including all the lids used in the project. It will be displayed in school as a special memory and a reminder not to litter !

Congratulations 5FE, you are true planet ambassadors !

Beyond Boundaries Science Inspired Art Competition

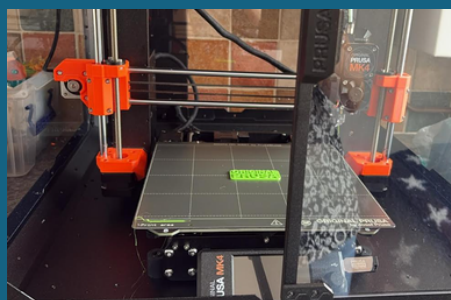

I am delighted to share that the following children have been selected to win the following prizes in the University of Oxford's [Beyond Boundaries science inspired art competition!](#)

Year 5 Runner-Up: Luke Bainbridge

Year 5 VC Commendation: Lisa Schlackow

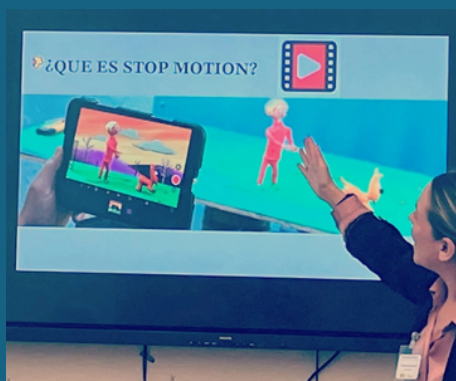

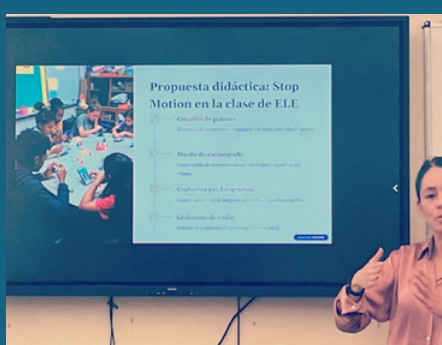

Year 5 VC Commendation: Zoe Trevitt

We received so many brilliant entries from across Oxfordshire and would like to thank you/your school for encouraging your pupils to participate.

Our newly acquired 3D printer is now in its casing thanks to a dedicated parent.

Thank you Étienne Roesch for spending your time to help Europa. It's greatly appreciated!

Talleres 2025

I was invited to lead a workshop as part of Talleres 2025, organised by the Consejería de Educación en el Reino Unido.

During the session, I had the opportunity to talk to other Spanish teachers about how our school works, what makes it so special and unique, the language and cultural projects we develop, and the strategies we use to foster motivation among our students.
