New reading books - high interest, short format  
A big thank you to the PTA for the grant to invest in a collection of books for emerging readers in KS2. Each class now has a small library to support children for whom English is a second language, or literacy proves challenging. The books have age appropriate themes, come in the form of chapter books, but the text is shorter, in order to retain interest and deliver a good story or factual information. 4EE road-tested a selection.

**Pebble Art - another project the children throughout Primary have been busy with - you will see the finished look very soon**
