On Thursday 16th October, our Europa School UK U18 boys team consisting of S5's, S6's and S7's claimed a 3-2 win against St. Clares IB school with team captain and goalkeeper Kai N leading our team to victory. A special mention for Jan M, Joshua B and Felix S for being our goalscorers, with Otis M.B. assisting both Joshua and Felix and being fouled which resulted in Jan scoring from a penalty. Whilst the first goal scored was by the opposition, our team was quickly able to regain lost ground, scoring once in the first half and twice in the second half, securing us the win over the strong and confident St. Clares team.

The whole Europa school team played very well and everybody did their important bit of work leading to this victory. Further special mentions given to Mr Stepan who refereed the game, Daniel B-B who was a linesman and Remi M who was team photographer. Well played to all of our team and to the St. Clares team.

Green Careers Week

The green careers week takes place between the 3rd and the 7th of November. Join us in the Chapel to find out how every profession - from medicine to architecture, business to law - will increasingly need to engage with environmental challenges. This year, S6 is leading the project for our school by creating a Pop-up Café in the Chapel.

This is a creative installation where both students and staff can explore sustainability and the future of work through interactive, reflective experiences.
