STUDENT CONFERENCES

Europa IRIS Conference - Friday 16th October 2026 Europa School Chapel

We are delighted to host the the first Europa IRIS (The Institute for Research in Schools) Conference, where our Europa School students who took part in the IRIS research project last academic year (2025/26) will have the opportunity to share their work and learning. We will also welcome students from IRIS partner schools in and around Abingdon, to showcase their research and connect with the wider IRIS community. Further information will be provided in future Newsletters.

Discover IRIS!

IRIS meets every Friday at lunchtime, giving students the chance to explore different topics, follow their interests and form their own groups to work together.

This year, we are excited to welcome students from S2, S3 and S4. Come along, get curious and explore your interest!
