French drama

On Tuesday 22nd March S2F performed a tale of African origin called: "La Malicieuse Zorille" in 6 different groups.

It was very nice to see different takes on the story by everyone and very entertaining as well.

As there were animals in the story, such as an African skunk, a lion, ants, an antelope, many people brought accessories in and dressed up like them.

The activity was very fun to do and all of S2F would love to do other group work drama like that again with Mme.Dubois. - *Noemie S2F*
